

Digital Locks

2250 light duty digital lock

2255 light duty digital lock with holdback

These digital locks are ideal for use in low traffic areas where keyless entry is required. The locks are available as a standard unit or with a mechanical holdback and are easy to install.

- Single access code of 4 to 7 digits
- Easy code change once the lock is removed from the door
- Suitable for doors up to 65mm thick
- Reversible latch for LH or RH doors

Maintenance

To be carried out by approved specialist only.

No abrasives or chemical materials to be used. Wipe with soft damp cloth or, when necessary, warm soapy water and a soft cloth. At least once a year, check for correct tolerance and wear, and tighten any screws that may become loose.

If for any reason the products fail due to a defect in manufacture, contact us and we will advise you of the replacement procedure.
