---

## Maintenance

To be carried out by approved specialist only.

No abrasives or chemical materials to be used, wipe with soft damp cloth, or when necessary warm soapy water and a soft cloth. At least once a year check and tighten any screws that may become loose. Repair works or any replacements have to be executed by the manufacturer or specialists authorised by the manufacturer.

If for any reason the products fail due to a defect in manufacture, contact us and we will advise you of the replacement procedure.
