Maintenance

To be carried out by approved specialist only.

No abrasives or chemical materials to be used, wipe with soft damp cloth, or when necessary warm soapy water and a soft cloth. Every three months check that the lever handle grub screw is flush with the surface on the handle. If it is projecting re-tighten it. If the rose is loose remove the rose cover and tighten the through fixing bolts.

If for any reason the products fail due to a defect in manufacture, contact us and we will advise you of the replacement procedure.
