

12191 Lever-Handle

Not to scale

Overview

- 19mm safety lever handle on 50x8mm rose
- Manufactured from solid aluminium
- Through fixed roses with lug supports
- Spindle fast fixing system prevents the lever from pulling off the door
- Concealed fixings to prevent illegal tampering
- Lever fixed to metal inner rose
- Dimensions comply with the requirements of BS8300 and Approved Document M

Finishes

- PSAA Polished Satin Anodised Aluminium

Maintenance

- To be carried out by approved specialist only
- No abrasives or chemicals to be used.
- Wipe with soft, damp cloth or, when necessary, warm soap warm and a soft cloth.
- Every 3 months, check that lever handle grub screw is flush with the surface on the handle. If it is projecting, retighten it.
- If the rose is loose, remove the rose cover and tighten the through fixing bolts.
- If for any reason, the product fails due to a defect in manufacture, contact us and we will advise on the replacement procedure.
